

At WellDyneRx, we are relentlessly and **continuously optimizing the small things in your health plan**, because we know that's how we will make big, **meaningful outcomes in our members' lives**.

As a reflection of that commitment, we're refreshing the look and feel of the member portal to mirror the branding of our new corporate website. The new portal will still feature the same user-friendly content and navigation features you've grown accustomed to, but the colors and imagery will change.

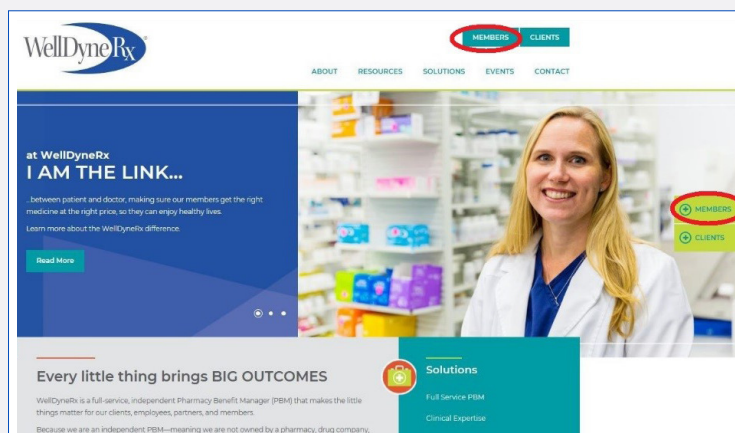

### You do not need to take any action.

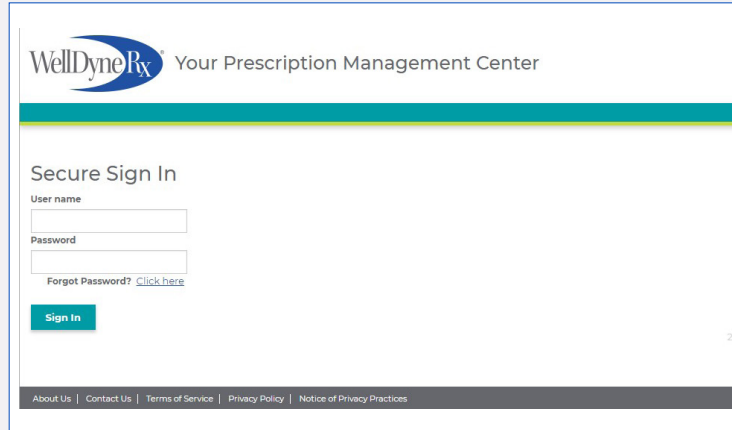

The refreshed member portal will go live later this month. You'll continue to access it the same way.

### To access the member portal:

You can either enter the direct URL provided to you by your health plan or you can go to [www.WellDyneRx.com](http://www.WellDyneRx.com) and click on either of the green '**Members**' links shown in the image below to be taken to the log in page. Once you click '**Members**', please select '**Member Sign In**' to log in to your portal.

From there, you will be taken to a refreshed **Secure Sign In** page. Enter your **User Name** and **Password** and click **“Sign In.”**

After you log in, the new member portal will look like the screen shot below:

We hope you enjoy our updated websites! We are committed to improving the health of our members by enhancing every health care plan, every prescription fill, and every interaction we have - no matter how small.

If you have questions, please call the **WellDyneRx Member Services** phone number on your ID card.
